Adessa® Moisturizing Heel Sleeves

Adessa® Moisturizing Heel Sleeves effortlessly soothe and soften dry, hardened heels. Their patented gel lining is enriched with vitamins, nutrients and essential oils to restore skin’s soft and supple appearance. Adessa Moisturizing Heel Sleeves are hypoallergenic, washable and reusable.

Directions:
Slide on Adessa Moisturizing Heel Sleeves for at least 20 minutes each day or as often as needed. For enhanced results, wash feet with warm, not hot, water and gently massage a cream or ointment into problem areas before wearing socks.

Warnings:
If you are a diabetic or have poor circulation, consult your doctor prior to wearing Adessa Moisturizing Heel Sleeves. KEEP OUT OF REACH OF CHILDREN. For external use only. If irritation or discomfort occurs, discontinue use and notify your doctor immediately. Do not place on an open wound. Not to be worn with shoes. Use caution when walking.

Recommended Care:
Launder with care. For best results, hand wash separately in cold water using a mild soap and rinse thoroughly. Do not bleach. Air drying is recommended. If desired, lightly dust gel pad with talcum powder when dry. Return to original packaging for storage.

Sleeve Composition:
83% Cotton / 15% Polyester / 2% Spandex
